

Saguaro National Park - Saguaro Census Plot #44
February 13 – Park Staff and Volunteers

Saguaro Plot #44

In this figure, green columns represent the number of saguaros counted in 1990; yellow represent 2007 and blue represent 2010. The x axis breaks down the saguaros into size classes. The total number of saguaros counted is on the far right side of the chart. There has been an increase of the total number of saguaros on the plot since the last Saguaro Census in 2007.

Enjoying the view before the hard work begins.
